2. you are a china shop and I am a bull
 you are really good food and I am full
 I guess everything is timing
 I guess everything's been said
 So I am coming home with an empty head

3. You'll say did they love you or what
 and I'll say they love what I do
 The only one who really loves me is you
 And you'll say girl you kick some butt
 And I'll say I don't really remember
 But my fingers are sore and my voice is too
